Position Location: Springfield, VA

Duration of Position: Full-Time

Security Clearance: TS/SCI Clearance REQUIRED

Need Date: Immediate

of Openings: 10

Intelligence Consulting Enterprise Solutions, INC. is looking for an Imagery Scientist.

Description:

Provide Geospatial Intelligence (GEOINT) support to respond to requirements at the national and tactical levels. Develop and coordinate maritime intelligence and GEOINT exploitation and fusion processes. Analyze standard operating procedures for GEOINT exploitation.

Required Qualifications:

- 6-10+ years of experience in a geospatial analysis field, including the use of current Geographic Information & Systems (GI&S) tools, methods of research and analysis, application of cartographic principles, or work related to cartography, geography, geographic information systems, remote sensing, physical science, mathematics, or statistics
- Experience with multiple data sources: panchromatic, radar, infrared, multi-spectral, hyperspectral, LIDAR, Overhead Persistent Infrared (OPIR) and other specialized collection systems, or tactical sensor data
- Experience with multiple Geospatial Tools: ESRI ArcGIS, ENVI, NSG Exploitation Services (NES), Washington area Library Architecture (WALA), Imagery Exploitation Capability (IEC), National Geospatial Data Services (NGDS), Remote View, ERDAS, Socet GXP, or other associated tools
- Degree in related field 6-10+ years of experience in related role
