Social Scientist

Position ID: 2017 – M – 412

Position Location: Washington Metro Area

Duration of Position: Full-Time

Security Clearance: TS/SCI Clearance REQUIRED

(Active SCI within 2 years; SSBI current within 5 years)

Need Date: Immediate

Intelligence Consulting Enterprise Solutions, INC. is looking for a **Social Scientist**.

Description:

Organizes, directs and coordinates the planning and execution of customer research projects, including: developing research proposals; design research efforts to address specific business needs; monitor projects and report regularly on progress; develop research materials based on scientific best practices; supervise research execution; collaborate with statisticians to develop data analysis plans for research efforts; interpret and summarize research results.

Serve as Subject Matter Expert (SME) on social science methodology and research practices: applies latest research methods and designs; offers guidance and recommendations on questions of research methodologies as needed.

Consults with research owners and manage client relationships, including: defining research requirements in terms of business objectives; provides guidance to clients regarding appropriate research goals and setting reasonable expectations for results; creates and delivers presentations to clients regarding research findings that are appropriate for a non-scientific audience.

Required Qualifications:

- Master's Degree or equivalent experience within social science research field: psychology, sociology, communications, economics, anthropology, consumer sciences, market research, organizational behavior, management.
- 10 - 14 years of experience in a related field
- Experience conducting independent social science research. 3-5 years conducting research in an organizational setting (government, industry, non-profit, etc.)
- Possess basic working knowledge of statistics and/or data science
- Experience developing schedules for large-scale and/or highly complex projects and programs, and leading large teams in executing these efforts.
- Possesses strong written and oral communication skills, and the ability to interact with senior government officials
- Strong customer service teaming skills; ability to collaborate in cross-functional team
- TS/SCI Clearance (with current SSBI favorably adjudicated within the last 5 years)

Desired Qualifications:

- PhD in a social science research field or equivalent experience in consumer behavior, consumer psychology, market research, organizational behavior, industrial-organizational psychology or similar
- Demonstrated working knowledge of the NGA organization, leadership, programs, systems
